

MLSP 2020

IEEE International Workshop on MACHINE LEARNING FOR SIGNAL PROCESSING

September 21–24, 2020

Aalto University, Espoo, Finland

<http://www.ieeemlsp.cc>

ORGANIZING COMMITTEE

General Chair	Simo Särkkä Aalto University
Program Chairs	Lassi Roininen LUT University Andreas Hauptmann University of Oulu Manon Kok TU Delft Michael Riis Andersen Technical University of Denmark
Finance Chair	Seppo Sierla Aalto University
Publicity Chair	Arno Solin Aalto University
Tutorial Chair	Alexander Ilin Aalto University
Publications Chair	Roland Hostettler Uppsala University

SCHEDULE

Paper submission deadline	April 19
Decision notification	June 30
Camera-ready paper deadline	July 25
Advance registration deadline	August 22

PRELIMINARY CALL FOR PAPERS

The 30th MLSP workshop, an annual event organized by the IEEE Signal Processing Society MLSP Technical Committee, will present the most recent and exciting advances in machine learning for signal processing through keynote talks, tutorials, as well as special and regular single-track sessions. Prospective authors are invited to submit papers on relevant algorithms and applications including, but not limited to:

- Learning theory and modeling
- Neural networks and deep learning
- Bayesian Learning and modeling
- Sequential learning, sequential decision methods
- Information-theoretic learning
- Graphical and kernel models
- Bounds on performance
- Source separation and independent component analysis
- Signal detection, pattern recognition and classification
- Tensor and structured matrix methods
- Machine learning for big data
- Large scale learning
- Dictionary learning, subspace and manifold learning
- Semi-supervised and unsupervised learning
- Active and reinforcement learning
- Learning from multimodal data
- Resource efficient machine learning
- Cognitive information processing
- Bioinformatics applications
- Biomedical applications and neural engineering
- Speech and audio processing applications
- Image and video processing applications
- Intelligent multimedia and web processing
- Communications applications
- Other applications including social networks, games, smart grid, security and privacy

Prospective authors are invited to submit a paper using the electronic submission procedure that will be available at <http://www.ieeemlsp.cc>. The presented papers will be published in and indexed by IEEE Xplore.
